

THE RUNDOWN

HOPE LIVES YOUTH RANCH

A YEAR OF PROMISE

The team at Hope Lives is so excited about all the new things 2022 is going to bring. The change you are going to notice first is our newsletter. Instead of coming quarterly, we are going to be sending you a shorter, monthly version.

The website is getting a new look, and we are also looking for some new faces on our board. If you are interested or know a good candidate who would like to get more involved with Hope Lives, please send them our way.

We will continue to keep you posted as Hope Lives Youth Ranch grows! Thanks for being part of the family!

CHILLY DAYS

The recent cold snap has been no fun for anyone. The horses really enjoy weather between 30 and 60 degrees but when the temperature drops by 40 degrees in 48 hours, and wind chills dip into the negative teens, it is hard on everyone. Luckily, the new siding on our barn is for more than just looks! Horses and donkeys are happily snuggled in with blankets and deep bedding to keep them nice and toasty warm.

The donkeys don't usually get to come into the barn since the shelter in their paddock is dry, bedded, and usually plenty warm. They seemed eager to be in the barn this time, though. When I opened the back door and called them in, they both came running! Since all of our stalls are filled with horses, they get to spend the next couple days in the

grooming stall. The barn will be a little messier than normal, but the herd is happy!

A TESTIMONY

Hope Lives has basically given us our daughter back! It has given my daughter a passion. She has learned not only how to deal with her anxiety, depression, and other mental health disorders, but she has discovered what she wants to do as an adult. Her goal is to open a sister ranch to Hope Lives!

HLJR student's parent

We are looking for Equine sponsors for 2022!
Faith and Cashew do not yet have sponsors for this year.
Please [contact us](#) if you would like to be a sponsor.
